

The Princess Theatre and Arts Centre are looking for an experienced freelance technician: to oversee the recommissioning and reopening of the Princess.

Contract Start date: 7th December 2020

**Contract Fee: Short Term contract £3110 for 21 days
(approx. 2 days a week over 11 weeks)**

Job Purpose

This is an exciting period for the Princess as it reopens its doors to the public post lockdown. It is currently undergoing refurbishment to the theatre space and conference room and is in much need of clear technical management during this phase.

The Technician will:

- Recommission the theatre and its equipment
- Rack all equipment both in the tech box and side stage
- Reinstate basic audio playback
- Working alongside the BDO to purchase cinema equipment
- Equipment documenting and file management
- Create technical processes and instruction guides
- Identify current in house cabling
- Paint stage and back corridor
- Create house documents and incoming company risk assessments
- Liaise with contractors and oversee annual inspection, testing and certification of tech equipment
- Design and install house lx grid
- Record welcome message with bells
- Feasibility study on current and future equipment to include;
 - New pa systems and upgrades
 - Relay for FOH
 - FOH tech requirements (media screens)
- Mount contact exhibition over soft opening of building

This contract is funded by the Government's Cultural Recovery Fund through the Arts Council.

Please send a CV and a covering letter to admin@theprincesstheatre.co.uk with the subject TECHNICIAN.
